Let Us Empower Ukrainian Lawyers

Krakow Bar Association, in face of the plight of Ukrainians, decided to collect funds and donations in kind. The UIA legal community around the world has the resources and goodwill to help. Until now, thanks to the generosity of the legal community, we have acquired and delivered to Ukrainian lawyers, who we have vetted, four ambulances field with medical equipment and supplies, which have been utilized in Mykoleiv, Rivne, Kharkiv, and Winnica. We are also sending humanitarian aid, in the form of food, clothes, hygienic supplies etc, that is delivered to the Bar Associations in Ukraine, for further distribution to Ukrainian citizens.

We build our network on trust and solidarity. *Solidarity of lawyers is essential for the bar. This stays true, even if we usually act as adversaries. Then, it was completely natural to exercise this solidarity with our Ukrainian colleagues. As we say, out of sight but near the heart-* says Maurice Krings the president of the French Brussels Bar - the biggest donor to the Krakow Bar 's Ukraine Aid Committee

The war is not over, we still need your help, donate to Krakow Bar Association :
